scheduling YOUR SENIOR portraits

In order to ensure we have a time set aside for your Senior Portraits, you should contact us before the beginning of your senior year.

Most yearbook deadlines happen in the fall of your senior year and some are early September right when school begins. That's right! Which means that before you even begin your Senior year your pictures should have been taken. But if you want the most time to prepare and decide, sooner is better!

Keep in mind that once the school year begins, everyone will be scrambling to get their portraits done. Scheduling yours in the spring of your Junior year or earlier is the optimal. Plus, the weather is sure to cooperate!

Spring sessions in June tend to be more relaxed and give us the opportunity to experiment more with locations and different ideas.

Not sure what to wear? Storyboards provided in your welcome kit will help store clerks pick out outfits for you at your favorite stores. This will give you an idea on what the setting we are photographing in looks like to help you find clothing that compliments your figure and colors that look good on you.

EXPECT TO HAVE FUN AND SHOWCASE WHAT MAKES YOU! YOU!

On your portrait session day, prepare yourself by being sure your hair, teeth and face are clean and girls your make up is ready and you are all dolled up. Bring all of your outfit choices with you (extra is always better than not enough!). Make sure your finger and toenails are clean and manicured. We like to advice against really bold colors since they will distract from the focus of the portraits - your face!

Depending on the session you reserve, we will spend 60 minutes to three hours taking photos, changing locations & outfits and getting to know one another.

Previews from your session will be available to view usually within 24 -48 hours. We will send you a link to a private password protected web page.

what to expect ON THE BIG DAY

Location, location, location!

When the time comes to take your portraits, we're gonna be a movin'! Each Senior portrait experience includes up to three hours of on location shooting time. That means we can hit up multiple different locations throughout your scheduled session which includes travel time.

We have access to lots of different venues. From urban to woodsy, and everything in between!

Whatever you are, be a good one.

Kim was recommended to me when my oldest son was needing senior pictures. He didn't want to have any pictures so to say he was reluctant is an understatement. My friend said, "have Kim do it; she's incredible with the kids." I ended up with some of the most fantastic pictures with my smiling son that I will treasure forever. When my daughter saw how good the pics were she said, "mom, she has to do my senior pictures when I need them". Luckily, Kim was available and I cannot say enough positive words to describe what Kim does. She makes the session a memory not just a senior portrait session. She got Megan to relax and be herself in the photos. Capturing your child as they enter into their last year of high school the way she does provides a lasting memory.

Thank you for what you do Kim, you do amazing work.

We would recommend anyone to K Jay Photos! She had awesome settings. The pictures turned out great and there were so many to chose from. She also made it fun while taking the pictures. She was also very helpful with any questions we had. We have gotten so many compliments on the pictures she took!

I don't even know where to start. Kim was absolutely amazing. She is full of personality, and knows how to get the perfect shots. She's incredibly fun to work with, and for everything you get (including a digital copy of every single picture taken), we thought it was a very considerable price. I was in love with all of the locations she chose, and she was very good at getting me to laugh with certain comments she made. She's very personable, and I would highly recommend working with her!!!!

We loved working with Kim! She made my son's senior picture shoot fun and painless. Kim is super organized and efficient. We loved the locations and settings she recommended. Kim has a great eye and took advantage of approaching inclement weather to take some really cool, edgy shots, which turned out to be some of our favorite photos. Her turn around time from the photo shoot to providing us with proofs was fast, and the ordering process was quick and easy. We are thrilled with the finished product. I look forward to working with Kim again for my daughter's senior pictures!

I used K Jay Photography this summer for my 2017 Senior Photos! I loved every single picture I got truly. Kim was very on top of everything and very easy to get ahold of! She made everything on my end super easy! Would totally recommend if you are looking for someone to take upcoming senior pictures or any other types of pictures!

Kim was so easy to work with from the moment I contacted her to schedule an appointment to ordering the pictures. My daughter was glowing after the photo shoot. Kim had a way of making her feel very special. I would definitely use K Jay Photography again!!!

RAVING REVIEW

SENIOR PICTURES, A RIGHT OF PASSAGE THAT MANY BOYS DO NOT LOOK FORWARD TO! KIM DID PICTURES FOR OUR OLDEST SON AND DID A MARVELOUS JOB CAPTURING HIM. FIVE YEARS LATER IT WAS OUR YOUNGEST SON'S TURN. OF COURSE WE RETURNED TO KIM FOR HIS PHOTOS! SHE HAS A WAY WITH GETTING THE BOYS TO RELAX, SMILE AND BE THEMSELVES. SHE ALSO DID SPECIAL SPORTS COMPOSITES FOR US WHICH HAVE GOTTEN MANY COMPLIMENTS, THEY ARE SWIMMERS SO CATCHING THEM IN STROKE IS DIFFICULT FOR MOST PHOTOGRAPHERS BUT KIM GOT GREAT SHOTS.

I started searching for a senior photographer about a year before hiring KJay photography to take my sons pictures. I followed every photographer I could find in the area on Facebook. As I saw pictures being posted there was one photographer who's work always impressed me, KJay Photography. After working with Kim it became apparent why her photos are so amazing. She gets to know her subjects, she provides great suggestions to get the shots you want. She has wonderful locations understands the importance of lighting and works seamlessly and creatively to get hundreds of fabulous shots. My son who wasn't really looking forward to having his picture taken, actually had fun and couldn't believe it went so fast. I am grateful to KJay Photos for capturing this milestone in my sons life. I absolutely treasure the photos and my daughter can not wait until her turn this summer! Lisa, Mom. Middleton WI

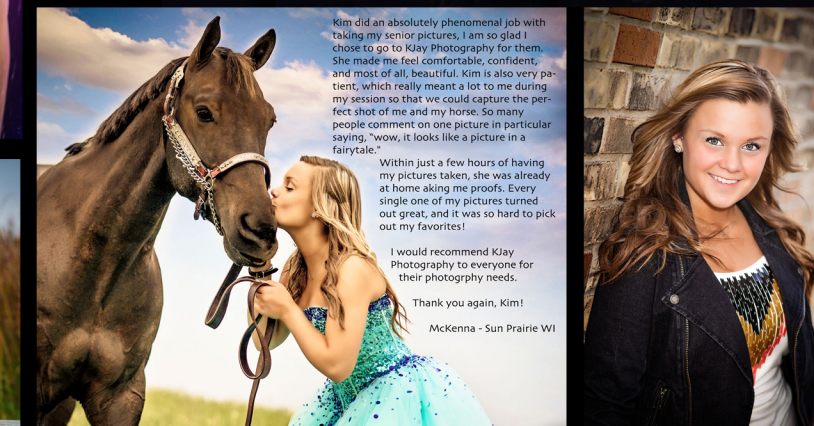

We had such a neat experience working with Kim of KJay Photos for my daughter's senior photo session. I truly enjoyed and admired her creativity. She provided Makenna with such a fun and unique photo shoot! Kim's passion for photography and it shows through her work... All the pictures turned out wonderfully. Colleen, Mom - De Forest

Exceeding our expectations is an understatement of our 2016 early booking senior photo session. Kim, of K Jay Photos, has set the bar for Senior Portraits in the Madison, Wisconsin area. Her approach is warm and friendly but above all professional. She handled the entire session with such ease that we just got to have fun and enjoy what could have been a stressful experience. It was very obvious that a lot of prep work went in to setting up our shots and locations well before our arrival. Kim provided us with several pointers prior to our big day. She even reviewed our wardrobe selections in advance offering suggestions so that we could be prepared and get the most from our time with her. Our session lasted well over what we had anticipated because her creativity just kept bubbling over with ideas. It's safe to say we got our monies worth and more as you can't put a price on the images Kim captured of our daughter during this momentous stage of her life. The magnitude of photos to select from was impossible for us as each one was better than the next. Kim's turn around time is super, crazy fast and her work doesn't stop with the photo shoot. A great amount of effort and attention to detail went into photo editing and providing quality finished products that will last a lifetime. Great value, great experience, great photographer! We will for sure be bringing our youngest to K Jay Photos when he graduates in 2020! Thanks Kim for your talents and exceptional skills! Tiffany, Mom - Waunakee, WI.

Kim did an absolutely phenomenal job with taking my senior pictures, I am so glad I chose to go to KJay Photography for them. She made me feel comfortable, confident, and most of all, beautiful. Kim is also very patient, which really meant a lot to me during my session so that we could capture the perfect shot of me and my horse. So many people comment on one picture in particular saying, "wow, it looks like a picture in a fairytale."

Within just a few hours of having my pictures taken, she was already at home asking me proofs. Every single one of my pictures turned out great, and it was so hard to pick out my favorites!

I would recommend KJay Photography to everyone for their photography needs.

Thank you again, Kim!

I chose KJay photography for my senior pictures and I couldn't be happier! Right off the bat Kimberly made me feel comfortable and confident in front of the camera. She was very detail oriented and spent time perfecting the lighting and angles for every shot. She was also able to shoot a variety of locations and outfits to really make my personal style shine through. I love that no two sessions with her are alike. She is always scouting out new locations to make each session truly original. I couldn't imagine having this experience with anyone else. Thank you so much! :) Kaela - Oregon WI

We found a treasure when we found Kim to take our two daughters senior pictures. Our second daughter was asked to be an ambassador for many other photographers but she would only work with Kim after seeing how amazing her older sisters senior pictures were. The way she could capture their unique personalities was incredible. We had such a difficult time just trying to choose which ones to order as they were all so beautiful. I was glad we could buy a package that granted us full rights to all of the digital prints.
